### The India experience

There are many places in the world to see but India is a place you experience. In the midst of a major economic boom, India sparkles with opportunity and optimism, however the real India lies in the many faces of this diverse land. The people, cultures, religions, languages, and tradition unveil layers and layers of complexities but with a charm unique unto its own.

"Perhaps the only thing more difficult than to be indifferent to India would be to describe or understand India completely." - Geographia.com

### The Engine of Growth

With one of the fastest growing economies in the world, India is slated to become one of the world's largest free markets by 2040.

### **Around Town**

Hyderabad is a vibrant hub for young professionals and expatriates. It's easy to explore, offers a wide range of cultural activities and landmarks, has great local and upscale shopping options, and boasts a large restaurant and bar circuit. Delicious regional cuisine from both north and south India can be found throughout the city, ranging from street stands to formal dining experiences.

The widely connected train and bus systems, as well as the new international airport, offer easy escapes to major cities throughout India and Asia.

### **Peer Group**

We realise the importance of diversity, and place a large emphasis on creating a truly [global peer group](#). Since our founding, we have welcomed students from countries around the world, and we will continue to expand our international community in subsequent years. A large percentage of each class has studied or worked outside of India, and we value significant foreign work and life experiences.
